**Have you ever watch the television show called-**

**“Do you Know who you Are?”** Well, we have a Presentation on

Month \_\_\_\_\_ Day \_\_\_\_\_ Time \_\_\_\_\_

Place \_\_\_\_\_

by a speaker and original member of the Society of Genetic Genealogy and an Administrator for Family Tree DNA who will give an “Introduction to Genealogy and Genetic Genealogy”.

Mr. Hatton will explain how we can truly find out “Who we Are”.

Think you know? Not so fast. Most people are wrong. Sure your families came from England, Spain, France, Italy, Ireland or maybe the Middle East or Asia or perhaps from somewhere else.

Or, maybe you don’t know. Perhaps you were adopted.

Today we can find your true origin, even the origin of all of those ancestors who contributed to your DNA and made you “Who you Are”. Those who tested were quite surprised including Mr. Hatton.

The presentation is one hour long with a question and answer period after and during his presentation. You will learn more about where we came from and how we can go back as far as 60,000 years.

The cost is \$ \_\_\_\_\_ per person
